**Re.: EC Regulation 1907/2006, including SVHC Candidate list updated 14/06/2023
(REACH Regulation)**

We hereby certify that our products TSS & TSS V0, TKS – Klikseal, Rutaseal in EPDM and Chloroprene and Design-A-Flange (DAF) are not affected by the REACH Regulation, as it applies to chemical ‘substances’ and not to ‘mixtures’.

Nevertheless, we can confirm that the products listed above fully comply with Regulation and do not contain any of the Substances of Very High Concern in concentration above set limits.

Applies to all our articles:

<u>Rutaseal</u>	<u>TSS</u>	<u>TKS</u>	<u>DAF</u>
T_1458212 –	T_1475711 –	T_1475803 –	T_2665400 –
T_1458337	T_1475794	T_1475828	T_2665435

T_RS-PG7S –
T_RS-PG36S

Best Regards

TST Tapper Sealing Technology
